

Make a Difference For Animals

Paws of the Planet is a Non-Profit charity dedicated to making a difference for animals. We believe the best way to make an impact is to join together with like-minded people and fund projects that create a significant benefit in the lives of animals.

Through memberships and donations, Paws of the Planet has funded a number of projects that created a significant difference in the lives of animals, including:

- Providing fund for the care and feeding of fourteen rescued sea lions.
- Supporting Wetlands & Wildlife Care Center's Pelican Recovery Project.
- Funding tinting of windows at the Newport Beach Animal Shelter, allowing them to expand the cattery and rescue and care for more adoptable cats.
- Contributing to projects supporting African Elephant research, California Condor recovery, and Mountain Lion conservation efforts.
-and much more!

Our Mission: To promote animal welfare through grassroots fundraising and education.

Join Paws of the Planet and you will make a difference! Your membership includes an eco-friendly tote bag and a paw pin. Thank you for your support.
